

Riverview School

Riverview Community,

With this email, I am thrilled to report that Riverview has successfully closed on the 40-acre Twin Brooks Golf Course in Hyannis! Here is a link to course: [Google Earth](#).

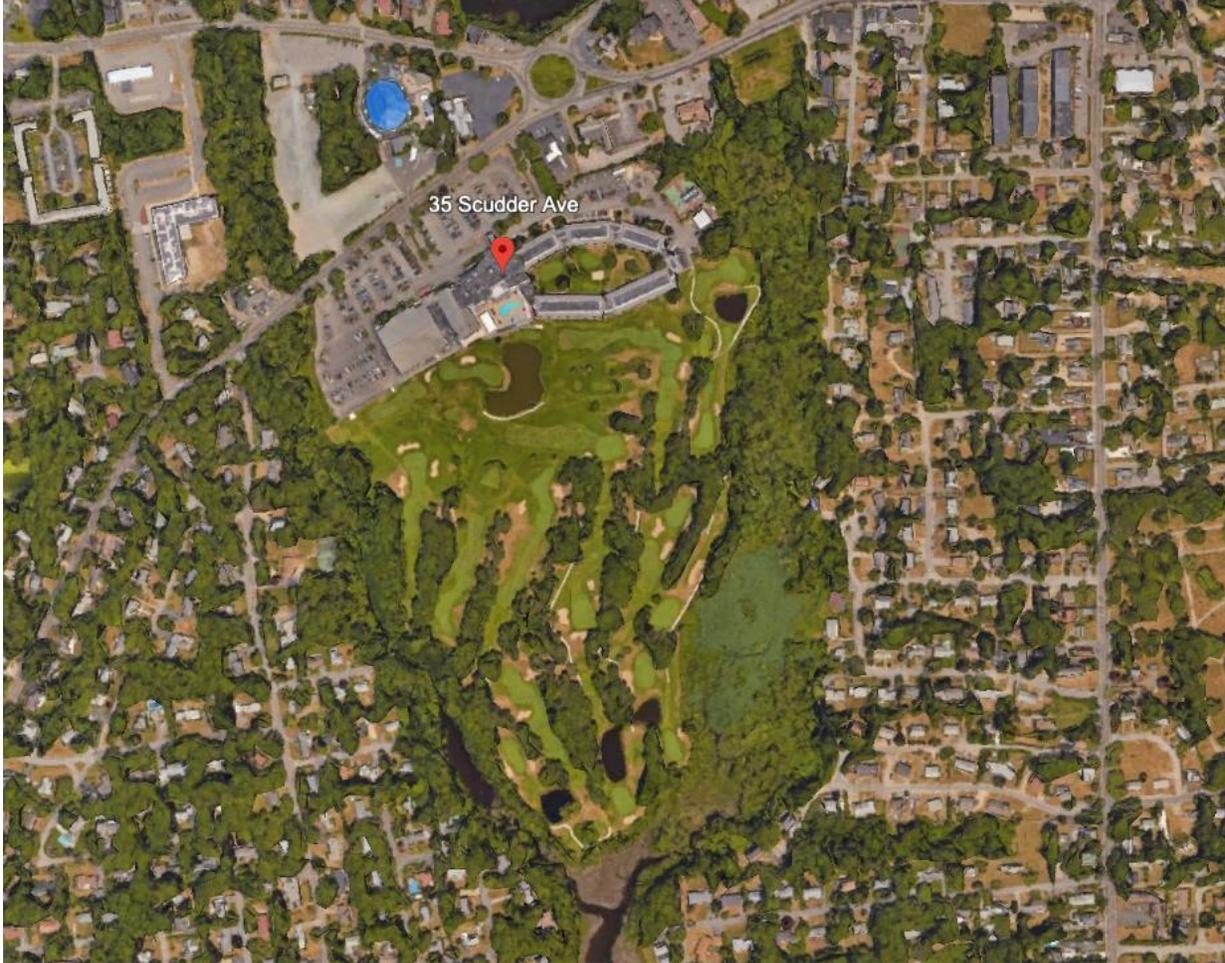

This more than doubles the size of our current campus and empowers us to achieve strategic priorities of developing the post 22 Friends Forever Program, an employee housing initiative, and to dream about things we can only begin to imagine. This acquisition will have a truly transformational impact on future generations of Riverview students, alumni, and families.

Riverview extends its heartfelt gratitude to the donors for this amazing gift and opportunity!

I'll look forward to updating everyone on our evolving plans.

Kind regards,

Stewart Miller, Head of School
Riverview School
